Problem-Agitate-Solution

A conversion-focused prompt that helps craft compelling problem-agitate-solution landing page copy to boost engagement and sales.

THE PROMPT

Imagine you're talking to [TARGET AUDIENCE] who are struggling with [SPECIFIC PROBLEM]. Explain the problem in a way they instantly relate to, describe why it's making their life harder, and show how [PRODUCT/SERVICE] can make things better. Wrap it up with a clear [CALL-TO-ACTION] that tells them what to do next.

Here are the inputs:

[PRODUCT/SERVICE], [TARGET AUDIENCE], [SPECIFIC PROBLEM], [CALL-TO-ACTION]

HOW TO USE Fill in the bracketed inputs with your product details and target audience. Use the output as landing page copy, then iterate for your specific brand voice.

Features to Benefits

A conversion-focused prompt that helps craft compelling features to benefits landing page copy to boost engagement and sales.

THE PROMPT

List the features of
[PRODUCT/SERVICE] but focus on how
they actually help [TARGET AUDIENCE].
Use simple, relatable language to
connect the dots between what your
product does and why it makes their life
better. Wrap it up with an action-oriented
[CALL-TO-ACTION].
Here are the inputs:
[PRODUCT/SERVICE], [TARGET
AUDIENCE], [CALL-TO-ACTION]

HOW TO USE Fill in the bracketed inputs with your product details and target audience. Use the output as landing page copy, then iterate for your specific brand voice.

Hero's Journey

A conversion-focused prompt that helps craft compelling hero's journey landing page copy to boost engagement and sales.

THE PROMPT

Turn [TARGET AUDIENCE] into the hero of their own story. Start with their current challenge, guide them through the transformation that [PRODUCT/SERVICE] offers, and end with the success they can achieve. Finish with a [CALL-TO-ACTION] that invites them to start their journey.

Here are the inputs:

[PRODUCT/SERVICE], [TARGET AUDIENCE], [TRANSFORMATION], [CALL-TO-ACTION]

HOW TO USE Fill in the bracketed inputs with your product details and target audience. Use the output as landing page copy, then iterate for your specific brand voice.

Urgency and Scarcity

A conversion-focused prompt that helps craft compelling urgency and scarcity landing page copy to boost engagement and sales.

THE PROMPT

Show [TARGET AUDIENCE] why they need to act now. Highlight a limited-time offer, a fast-approaching deadline, or a unique opportunity they'll miss if they wait. Close with a [CALL-TO-ACTION] that encourages immediate action.

Here are the inputs:

[PRODUCT/SERVICE], [TARGET AUDIENCE], [SCARCITY MESSAGE], [CALL-TO-ACTION]

HOW TO USE Fill in the bracketed inputs with your product details and target audience. Use the output as landing page copy, then iterate for your specific brand voice.

Objection-Handling

A conversion-focused prompt that helps craft compelling objection-handling landing page copy to boost engagement and sales.

THE PROMPT

Think about why [TARGET AUDIENCE] might hesitate to try [PRODUCT/SERVICE]. Address their doubts one by one, and show how [PRODUCT/SERVICE] overcomes these concerns. Reassure them with proof like testimonials or guarantees, and finish with a [CALL-TO-ACTION] that feels safe and easy to follow.

Here are the inputs:

[PRODUCT/SERVICE], [TARGET AUDIENCE], [COMMON OBJECTIONS], [CALL-TO-ACTION]

HOW TO USE Fill in the bracketed inputs with your product details and target audience. Use the output as landing page copy, then iterate for your specific brand voice.

Exclusive Early Access Sales

A strategic prompt inspired by leading brands to optimize exclusive early access sales campaigns for maximum revenue impact.

THE PROMPT

Inspired by Amazon's Strategy

"Execute an early access campaign for [Black Friday Week Sales] inspired by Amazon's strategy. First, segment [Existing Subscribers or VIP Customers] from your customer database based on past purchase behavior or loyalty program membership. Next, craft a personalized email or notification template emphasizing the exclusivity of early access to [Special Deals or Discounts]. Ensure the messaging highlights urgency by including phrases like "limited time" or "while supplies last." Then, generate a schedule for sending these communications ahead of the general Black Friday launch to build anticipation. Lastly, create follow-up content to reinforce engagement, such as reminders or sneak previews of additional upcoming deals. Please provide details about your customer segments and the types of offers you'd like to include in this campaign."

HOW TO USE Customize the bracketed fields with your actual products, dates, and audience segments. Schedule your campaign timeline before running this prompt.

Early Bird Discounts Inspired by

A strategic prompt inspired by leading brands to optimize early bird discounts inspired by campaigns for maximum revenue impact.

THE PROMPT

Walmart's Pre-Sale Approach

"Create a pre-sale campaign for [Black Friday Week] modeled after Walmart's strategy. First, identify your most popular [Products or Services] from previous sales data. Then, generate a targeted email and social media campaign offering early bird discounts for [Specific Items]. Highlight the exclusivity and time-sensitive nature of the offers to encourage early purchases. Schedule these promotions to go live 3–5 days before the official Black Friday sale, creating momentum. Ensure the messaging includes clear CTAs driving customers to [Your Website or Storefront]. Please provide details about your top-selling products and target audience for this pre-sale campaign.

HOW TO USE Customize the bracketed fields with your actual products, dates, and audience segments. Schedule your campaign timeline before running this prompt.

Scarcity-Driven Promotions

A strategic prompt inspired by leading brands to optimize scarcity-driven promotions campaigns for maximum revenue impact.

THE PROMPT

Inspired by Apple's Black

Friday Strategy

"Develop scarcity-driven promotions for [HighDemand Products] during Black Friday. Start by identifying [Products with Limited Inventory] and crafting messaging that emphasizes their exclusivity. Use phrases like "Limited Stock" or "Only Available for 24 Hours" to create urgency. Generate social media posts, landing pages, and email templates promoting these products with countdown timers to reinforce the scarcity. After the launch, monitor the campaign's performance and update customers about items that sell out to increase FOMO. Please describe the products you want to feature and how you'll implement scarcity in your messaging.

HOW TO USE Customize the bracketed fields with your actual products, dates, and audience segments. Schedule your campaign timeline before running this prompt.

Bundling Offers Modeled After

A strategic prompt inspired by leading brands to optimize bundling offers modeled after campaigns for maximum revenue impact.

THE PROMPT

Target's Gift Package Strategy

"Create bundling offers for [Black Friday Sales] inspired by Target's strategy of grouping complementary products. Identify [Popular Product Combinations] that align with your audience's preferences. Develop marketing copy that highlights the savings and convenience of purchasing these bundles. For example, promote phrases like "Get [Product A and Product B] for 30% off when bought together." Ensure the campaign materials include visuals showcasing the bundle and pricing comparisons. Schedule these offers prominently on landing pages and social media. Please specify the products or services you want to bundle and the discount percentage you'd like to feature."

HOW TO USE Customize the bracketed fields with your actual products, dates, and audience segments. Schedule your campaign timeline before running this prompt.

Doorbuster Deals Inspired by

A strategic prompt inspired by leading brands to optimize doorbuster deals inspired by campaigns for maximum revenue impact.

THE PROMPT

Best Buy's Timed Offers

"Execute a doorbuster campaign for [Black Friday Week] based on Best Buy's timed deal strategy.

Select [Top-Selling Products or Services] to feature as limited-time deals throughout the day.

Create AI-generated promotional posts that include countdowns, time slots for each deal, and

bold CTAs like "Act Fast: Only Available Until

[Specific Time]." Automate email and SMS

reminders for subscribers, ensuring they stay

informed about upcoming deals. After each time

slot, update messaging to reflect sold-out or

upcoming deals. Please share the products you

want to include and the time slots you'd like to

schedule."

HOW TO USE Customize the bracketed fields with your actual products, dates, and audience segments. Schedule your campaign timeline before running this prompt.

BANT Framework for

A professional sales qualification prompt using the bant framework for methodology to identify and convert high-quality leads.

THE PROMPT

Outbound Sales Qualification

"Utilize the BANT framework (Budget, Authority, Need, Timing) to effectively qualify outbound sales leads in [industry]. Start by identifying the budget your [target audience] has allocated for [your product/service]. Determine who holds the decision-making authority in their organization and understand their specific needs and pain points that your product/service can address. Finally, assess the urgency of their timing to prioritize leads that are more likely to convert soon. This systematic approach helps streamline your sales efforts and focus on high-potential prospects. After you have given me this answer, ask me for my custom inputs, and then run the prompt based on that."

HOW TO USE Input your specific industry niche and ideal customer profile. Use the generated framework to structure your outbound conversations systematically.

CHAMP Selling for

A professional sales qualification prompt using the champ selling for methodology to identify and convert high-quality leads.

THE PROMPT

Qualifying Leads

"Implement the CHAMP framework (Challenges, Authority, Money, Prioritization) for qualifying outbound sales leads in [niche]. Start by identifying the primary challenges faced by your prospects that your product/service can address. Determine who has the authority to make purchasing decisions within their organization. Assess their budget to ensure they have the financial capacity for your solution. Lastly, prioritize leads based on their immediate needs and readiness to purchase. This method allows you to focus on high-quality leads and improve conversion rates. After you have given me this answer, ask me for my custom inputs, and then run the prompt based on that."

HOW TO USE Input your specific industry niche and ideal customer profile. Use the generated framework to structure your outbound conversations systematically.

SPIN Selling for Outbound

A professional sales qualification prompt using the spin selling for outbound methodology to identify and convert high-quality leads.

THE PROMPT

Sales Conversations

"Apply the SPIN Selling framework (Situation, Problem, Implication, Need-Payoff) to structure outbound sales conversations in [niche]. Begin by gathering detailed information about the prospect's current situation and environment. Identify specific problems they are facing that your product/service can solve. Explore the implications of these problems if left unaddressed, highlighting potential negative outcomes. Finally, discuss the need-payoff by explaining how your solution can provide significant benefits and improvements. This approach builds value and drives deeper engagement. After you have given me this answer, ask me for my custom inputs, and then

HOW TO USE Input your specific industry niche and ideal customer profile. Use the generated framework to structure your outbound conversations systematically.

MEDDIC Framework

A professional sales qualification prompt using the meddic framework methodology to identify and convert high-quality leads.

THE PROMPT

for Complex Sales

"Leverage the MEDDIC framework (Metrics, Economic Buyer, Decision Criteria, Decision Process, Identify Pain, Champion) to navigate complex outbound sales scenarios in [industry]. Focus on understanding the key metrics that drive the prospect's decision-making. Identify the economic buyer who has the financial authority to approve the purchase. Define the decision criteria and ensure your product/service aligns with these requirements. Map out the decision process, including key stakeholders and timelines. Uncover the prospect's pain points and position your solution as the remedy. Cultivate a relationship with a champion within the organization who advocates for your solution. After you have given me this answer, ask me for my custom inputs, and then run the prompt based on that."

HOW TO USE Input your specific industry niche and ideal customer profile. Use the generated framework to structure your outbound conversations systematically.

Sandler Sales Methodology

A professional sales qualification prompt using the sandler sales methodology methodology to identify and convert high-quality leads.

THE PROMPT

for Building Rapport

“Employ the Sandler Sales Methodology to build rapport and trust with outbound sales prospects in [industry]. Begin by establishing a connection through open-ended questions and active listening. Uncover the prospect's pain points and challenges, and demonstrate empathy and understanding. Use the "UpFront Contract" technique to set clear expectations for the sales process and ensure mutual agreement on the next steps. This approach fosters a collaborative relationship and increases the likelihood of a successful sale. After you have given me this answer, ask me for my custom inputs, and then run the prompt based on that.

HOW TO USE Input your specific industry niche and ideal customer profile. Use the generated framework to structure your outbound conversations systematically.

The 4-1-1 Rule

A strategic framework prompt that applies the the 4-1-1 rule to build a comprehensive and balanced marketing approach.

THE PROMPT

Apply the 4-1-1 rule to balance your content marketing strategy, particularly on social media platforms like [social media platform]. For every six pieces of content you share, ensure four are educational or entertaining content from thirdparty sources, one is a soft sell (such as a case study or testimonial), and one is a hard sell (such as a product promotion or offer). This approach helps in maintaining audience interest and engagement without overwhelming them with promotional material. Customize your content mix to suit the preferences and behaviors of your [target audience]. After you have given me this answer, ask me for my custom inputs, and then run the prompt based on that.

HOW TO USE Define your target audience and industry first. The AI will explain the framework and then ask for your custom inputs to generate tailored strategy content.

The Buyer's Journey

A strategic framework prompt that applies the the buyer's journey to build a comprehensive and balanced marketing approach.

THE PROMPT

Framework

"Implement the Buyer's Journey framework to tailor your content marketing strategy across different stages (awareness, consideration, decision) of the buyer's journey. Identify the specific needs, pain points, and motivations of your [target audience] at each stage. Create content such as blog posts, whitepapers, case studies, and videos that guide potential customers through their journey, addressing their concerns and leading them towards a purchasing decision. Ensure that your content is designed to build trust and provide value at every touchpoint. After you have given me this answer, ask me for my custom inputs, and then

HOW TO USE Define your target audience and industry first. The AI will explain the framework and then ask for your custom inputs to generate tailored strategy content.

Content Marketing Matrix

A strategic framework prompt that applies the content marketing matrix to build a comprehensive and balanced marketing approach.

THE PROMPT

Utilize the Content Marketing Matrix to diversify your content marketing strategy by balancing different types of content (emotional, rational, awareness, and purchase). Develop a comprehensive mix of content that includes educational articles, engaging videos, inspirational stories, and persuasive case studies. This approach helps in addressing various aspects of your [target audience]'s decision-making process, from emotional engagement to rational justification. Map out your content according to the matrix to ensure you are effectively covering all bases and resonating with different segments of your audience. After you have given me this answer, ask me for my custom inputs, and then run the prompt based on that.

HOW TO USE Define your target audience and industry first. The AI will explain the framework and then ask for your custom inputs to generate tailored strategy content.

The Hero-HubHygiene Framework

A strategic framework prompt that applies the the hero-hubhygiene framework to build a comprehensive and balanced marketing approach.

THE PROMPT

Implement the Hero-Hub-Hygiene framework to structure your content marketing strategy. Create Hero content for major campaigns that generate buzz and brand awareness, such as product launches or special events. Develop Hub content for regularly scheduled engagement, like blog series or social media updates, which keeps your [target audience] engaged on a consistent basis. Produce Hygiene content that addresses everyday search queries and provides answers to common questions in your [industry], ensuring your brand remains relevant and discoverable. This balanced approach ensures comprehensive coverage and sustained audience engagement. After you have given me this answer, ask me for my custom inputs, and then run the prompt based on that.

HOW TO USE Define your target audience and industry first. The AI will explain the framework and then ask for your custom inputs to generate tailored strategy content.

The Golden Circle

A strategic framework prompt that applies the the golden circle to build a comprehensive and balanced marketing approach.

THE PROMPT

Framework

“Utilize Simon Sinek's Golden Circle framework to define and communicate your brand's purpose in your content marketing strategy.

Start with 'Why' – explain the core belief and mission of your brand. Move to 'How' – outline the processes or values that set you apart.

Finally, address 'What' – describe the products or services you offer. Create content that consistently reflects these elements, helping to build a strong emotional connection with your [target audience] and fostering brand loyalty.

After you have given me this answer, ask me for my custom inputs, and then run the prompt based on that.

HOW TO USE Define your target audience and industry first. The AI will explain the framework and then ask for your custom inputs to generate tailored strategy content.

BANT Framework

A cold email copywriting prompt leveraging the bant framework to craft personalized, high-response outreach messages.

THE PROMPT

for Qualification

"Framework: Apply the BANT (Budget, Authority, Need, Timing) framework in your cold emails to qualify prospects effectively. Begin by addressing the recipient's potential budget, subtly suggesting that your solution is costeffective and offers high ROI. Establish their authority by inquiring about their role and decision-making power in a respectful manner. Identify their needs clearly, showing that you understand what they are looking for in a solution. Discuss the timing of your solution, explaining how it can deliver benefits quickly and align with their project timelines. Make your email unique by mentioning how your solution fits within their budget and timing perfectly, using industry benchmarks to support your claims. Custom Inputs: Share any known details about the recipient's budget, decisionmaking authority, immediate needs, and project timelines to customize the email effectively."

HOW TO USE Provide specific details about your prospect's industry, pain points, and your solution. Personalize the generated email further with real data points for best results.

PAS Framework for

A cold email copywriting prompt leveraging the pas framework for to craft personalized, high-response outreach messages.

THE PROMPT

Engaging Emails

"Framework: Use the PAS (Problem, Agitation, Solution) framework to write engaging cold emails. Start by identifying a specific problem the recipient is facing, using data or anecdotes to make it relatable. Agitate by describing the negative impacts of this problem, emphasizing the urgency and emotional toll it might take. Offer your solution as the answer to their problem, explaining how it effectively addresses the root cause and mitigates the negative impacts. Personalize the email with specific details about the recipient's business or industry, making your solution appear tailored to their unique situation. Custom Inputs: Provide insights into the recipient's specific problems and the impact these have on their business, along with relevant industry data to make your points more compelling."

HOW TO USE Provide specific details about your prospect's industry, pain points, and your solution. Personalize the generated email further with real data points for best results.

SPIN Selling for

A cold email copywriting prompt leveraging the spin selling for to craft personalized, high-response outreach messages.

THE PROMPT

Relationship Building

"Framework: Implement SPIN (Situation, Problem, Implication, Need-Payoff) selling in your cold emails. Begin by understanding and addressing the recipient's current situation, demonstrating that you've done your research. Identify and empathize with their specific problems, showing you understand their challenges. Highlight the implications of these problems if left unresolved, painting a picture of potential negative outcomes. Present your solution as the need-payoff, explaining how it can directly address and resolve their issues. Make the email unique by referencing specific scenarios or recent industry changes that the recipient might relate to, proving that your solution is timely and relevant. Custom Inputs: Share information about the recipient's current challenges, their industry context, and how your solution can specifically address their needs."

HOW TO USE Provide specific details about your prospect's industry, pain points, and your solution. Personalize the generated email further with real data points for best results.

AIDA Framework

A cold email copywriting prompt leveraging the aida framework to craft personalized, high-response outreach messages.

THE PROMPT

for Cold Emails

"Framework: Use the AIDA (Attention, Interest, Desire, Action) framework to craft compelling cold emails.

Start by capturing the recipient's attention with a personalized subject line that mentions their name or a relevant industry trend. Build interest with content that speaks directly to their needs or pain points, using storytelling or relatable examples. Create desire by highlighting the unique benefits of your solution, including any relevant testimonials or case studies that show proven success. Prompt action with a clear, concise call-to-action that is easy to follow, such as scheduling a call or signing up for a free trial. To make your email unique, integrate a personal touch that resonates with the recipient's interests or recent activities, showing you've done your homework.

Custom Inputs: Provide details about the recipient's industry, recent activities, specific pain points, and any other information that can help personalize the email content to make it stand out."

HOW TO USE Provide specific details about your prospect's industry, pain points, and your solution. Personalize the generated email further with real data points for best results.

5WH Framework

A cold email copywriting prompt leveraging the 5wh framework to craft personalized, high-response outreach messages.

THE PROMPT

for Storytelling

"Framework: Use the 5WH (Who, What, Where, When, Why, How) framework to tell a compelling story in your cold emails. Start by describing who you are and establishing your credibility. Explain what your product or service is and what it can do. Describe where and when it can be used, providing relevant scenarios or use cases. Clarify why it's beneficial, using testimonials or case studies to support your points. Finally, explain how it works, breaking down the process into simple, easy-to-understand steps.

Make the story unique by incorporating elements of the recipient's story, such as their industry context or recent changes in their business environment. Custom

Inputs: Share details about the recipient's business context, recent changes, and specific scenarios to weave into your story, making it more relatable and engaging."

HOW TO USE Provide specific details about your prospect's industry, pain points, and your solution. Personalize the generated email further with real data points for best results.

SEO Mastery with the

An SEO optimization prompt for implementing seo mastery with the to improve search rankings and organic traffic.

THE PROMPT

Pillar-Cluster Model

"Utilize the Pillar-Cluster SEO model to structure your website's content hierarchy, emphasizing pillar pages for core topics and clustering related content around them. Explain how this model enhances website authority and SEO performance by providing a comprehensive and organized content framework. Input: Identify your core pillar topics and map out cluster content for each pillar. After you have given me this answer, ask me for my custom inputs, and then run the prompt based on that.

HOW TO USE Have your website topic areas and target keywords ready. The AI will explain the strategy and then ask for specifics to create your SEO plan.

Golden Circle Method for

A brand narrative prompt using golden circle method for to create authentic, memorable brand stories and messaging.

THE PROMPT

Brand Storytelling

"Framework: Use Simon Sinek's Golden Circle (Why, How, What) to craft your brand story.

Start with why you do what you do, then explain how you do it, and finally, what you do.

This method ensures your brand message is compelling and resonates deeply with your audience by focusing on your purpose and passion before your actions and results. Dive deep into your motivations, detailing personal experiences that shaped your "Why".

Ask me for Custom Inputs at the end: Provide personal anecdotes or motivations behind your "Why". Share specific instances where your "Why" has driven you to achieve significant milestones."

HOW TO USE Reflect on your personal 'Why' and key experiences before running. The more authentic details you provide, the more powerful your brand story will be.

Personal Branding

A brand narrative prompt using personal branding to create authentic, memorable brand stories and messaging.

THE PROMPT

Statement for Clarity

"Framework: Craft a concise personal branding statement that clearly communicates who you are, what you do, and the value you provide. This statement should be a memorable and impactful representation of your brand. Detail the components of a strong branding statement and how to refine it.

Ask me for Custom Inputs at the end:

Provide keywords or phrases that encapsulate your brand identity. Share examples of branding statements you admire or aim to emulate."

HOW TO USE Reflect on your personal 'Why' and key experiences before running. The more authentic details you provide, the more powerful your brand story will be.

SWOT Analysis for

A brand narrative prompt using swot analysis for to create authentic, memorable brand stories and messaging.

THE PROMPT

Self-Branding

"Framework: Conduct a SWOT analysis

(Strengths, Weaknesses, Opportunities, Threats)

to identify and understand your personal

strengths,

weaknesses,

opportunities,

and

ISN'T

threats. Use this analysis to create a solid

foundation for your personal brand. Start by

listing your strengths and how they differentiate

you from others. Next, address your weaknesses

and formulate strategies to mitigate them. Identify

opportunities in your niche that you can capitalize

on and recognize potential threats to prepare for

them proactively. Ask me for Custom Inputs at the

end: Share any unique experiences, skills, or

qualifications that set you apart. Include realworld examples of how you have leveraged your

strengths or overcome weaknesses."

Negotiation (FBI Style)	4
Simon Sinek - Golden Circle	4
Value Proposition Canvas	4

Golden Circle Framework

A leadership and strategy prompt based on golden circle framework to define purpose-driven messaging and decisions.

THE PROMPT

Use Simon Sinek's Golden Circle Framework to structure your speech around [Core Message] by focusing on the "Why," "How," and "What." Begin by clearly articulating the "Why"—the core belief or purpose that drives [Core Message] and connects emotionally with [Audience]. This sets the foundation for your speech, making it resonate on a deeper level. Next, explain the "How"—the specific actions or strategies that [Audience] can use to implement or realize [Core Message]. This provides practical insight and direction. Finally, conclude with the "What"—the tangible outcomes or results that [Core Message] aims to achieve, clearly showing [Audience] the impact of following your guidance. Structure your speech to ensure that each component flows logically and powerfully into the next, creating a cohesive and compelling narrative that inspires [Audience] to take action.

HOW TO USE Replace all [bracketed placeholders] with your specific details. Run the prompt multiple times with different inputs to compare results.

Empathy and

A leadership and strategy prompt based on empathy and to define purpose-driven messaging and decisions.

THE PROMPT

Connection Method

"Apply the Empathy and Connection Method to build rapport with [Audience] at the start of your speech. Begin by acknowledging the shared experiences, challenges, or emotions that [Audience] might be facing. Relate these to [Core Message], showing that you understand their perspective and are on their side. Use this connection to introduce your main points, making it clear that your speech is designed to address their specific needs and concerns. This approach strengthens the bond between you and [Audience], making your message more persuasive."

HOW TO USE Replace all [bracketed placeholders] with your specific details. Run the prompt multiple times with different inputs to compare results.

TED Talk Style Framework

A leadership and strategy prompt based on ted talk style framework to define purpose-driven messaging and decisions.

THE PROMPT

Structure your speech in the TED Talk Style by focusing on [Core Idea] that is worth spreading. Start with a powerful hook that grabs [Audience]'s attention, such as a surprising fact, a bold statement, or a thought-provoking question. Build on this by presenting [Core Idea] in a clear, concise, and engaging manner, using anecdotes and data to support your points. Keep the speech focused and to the point, ensuring that every element adds value to [Audience]. Conclude with a memorable closing that reinforces [Core Idea] and leaves [Audience] inspired to take action.

HOW TO USE Replace all [bracketed placeholders] with your specific details. Run the prompt multiple times with different inputs to compare results.

Storytelling Technique

A leadership and strategy prompt based on storytelling technique to define purpose-driven messaging and decisions.

THE PROMPT

Use the Storytelling Technique to make your speech more engaging and relatable for [Audience]. Start with a personal or relatable story that illustrates the core of [Core Message]. As you tell the story, weave in key lessons and insights that align with [Topic]. Use vivid imagery and emotional cues to connect with [Audience], making your message memorable and impactful. End the story with a clear takeaway that ties back to [Core Message] and motivates [Audience] to apply the lessons in their own lives or work.

HOW TO USE Replace all [bracketed placeholders] with your specific details. Run the prompt multiple times with different inputs to compare results.

STARL Method for Answering

A powerful prompt from the Interview & Communication collection that helps you master starl method for answering for better results.

THE PROMPT

"Tell Me About Yourself"
